# Mounting M: drive in the Orchard on OS X
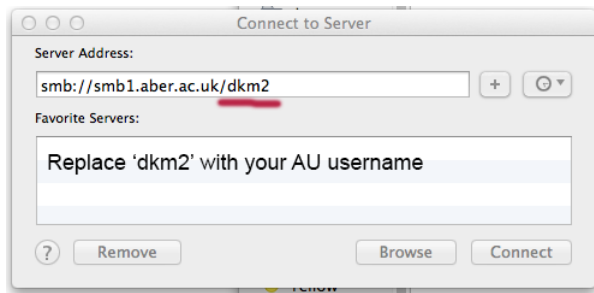

Daniel K Monaghan (dkm2@aber.ac.uk)

December 2014

1. Open **Finder** by clicking on its icon on the far left of the Dock, at the bottom of the screen

2. Open the **Go** menu at the top of the screen, and click **Connect to Server**

3. Enter `smb://smb1.aber.ac.uk/your_username` and click **Connect**. The contents of your `"M:"` drive should then appear

4. To access your directory later on, open Finder again and look for `"smb1.aber.ac.uk"` in the sidebar
